

APNIC certificate identity check

To receive a digital certificate from the APNIC Certificate Authority, please complete the following steps:

Step 1. Submit the online APNIC Certificate Request Form at:

<https://www.apnic.net/ca>

I have submitted the online form

(tick when submitted)

Step 2. Provide your details

Your full name

Name of your organisation

Your email address

APNIC account name (eg: SAMPLENET-AU)

Password (as entered exactly in your online certificate request)

Step 3. Attach photo identification in the box below or on a separate page

Identification document

Please supply a current and valid identification document containing **both your name and photograph**.

Acceptable forms of identification:

- Government or state-issued identification card
- Passport
- Driver's licence
- Company identification card

Unacceptable forms of identification:

- Stand alone photo
- Social security card
- Credit card (including one with a photo)
- Birth certificate
- School identity card

[Please attach a copy of identification including **both your name and photo** here or on a separate page.]

Continued on the next page ➤

Step 4. Read and agree to the terms and conditions

About the Certification Authority

APNIC operates a Certification Authority (CA) service to provide enhanced and secure services for APNIC members and customers, through the use of X.509 digital certificates. As part of this service, APNIC issues digital certificates to APNIC members and to non-member account holders who are paying to receive resource services.

Terms and conditions of the APNIC Certification Authority

APNIC's CA services are provided under the following terms and conditions:

- The CA server system will be maintained in a secure environment and will at no time be connected to the APNIC internal network, or to the Internet;
- APNIC will control intermediate systems used to generate private keys or transfer data to the best of its abilities, and to the same standards as other secured systems operated by APNIC;
- Procedures for generation of signed keypairs will use appropriate proofs of identity, such as passports or other official photographic identity documents (as described in the Certificate Request Form);
- APNIC will take all reasonable care in all CA service processes to ensure keys are generated, distributed, and revoked securely and with the maximum possible trust;
- APNIC will communicate to certificate holders any proposed changes to the status of the CA service and any implied changes to the keypairs;
- APNIC will accept no liability for loss or damage incurred in any way through the use of digital certificates issued by APNIC;
- The recipient of any digital certificates issued by the APNIC CA service will indemnify APNIC against any and all claims by third parties for damages of any kind arising from the use of that certificate.

I acknowledge that I have read and agreed to the terms and conditions above.

Signature

Step 5. Send this completed form (including identification document) to the APNIC Certificate Registration Authority:

Email: helpdesk@apnic.net

Post: PO Box 2131

Fax: +61-7-3858-3199

Milton, QLD 4064
Australia
